Insulation Mat – Class 3

Instruction Sheet

Insulation Mat – Class 3

P/N 40396* Contact Us For Pricing

FUNCTION

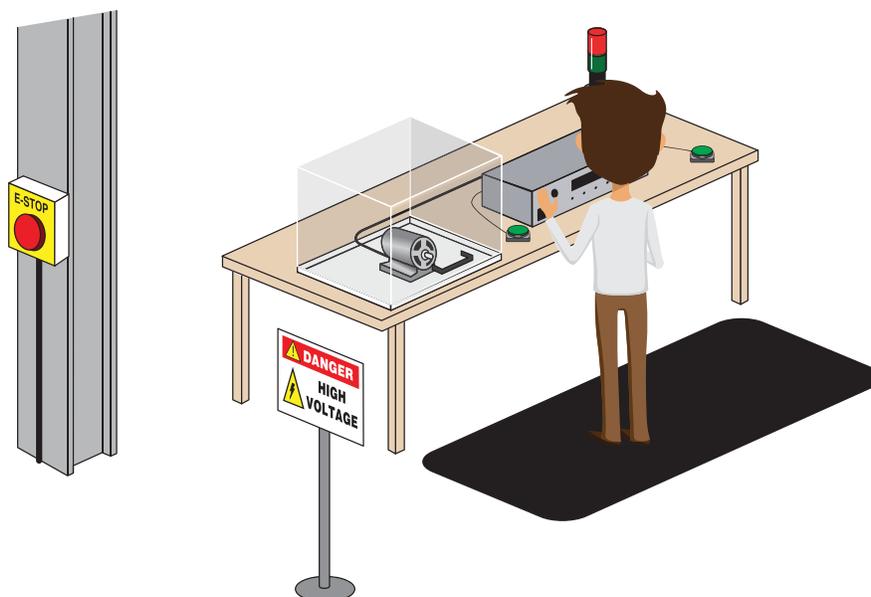

This class 3 electrical insulation mat is an ideal means for adding a level of operator safety. The mat isolates the operator from ground while testing, which greatly mitigates the shock hazard.

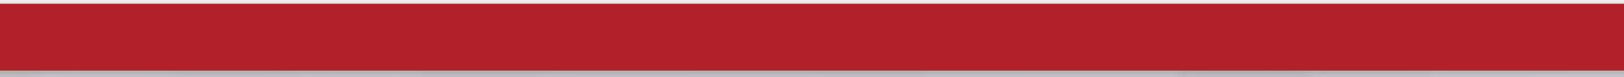

COMPLIANCE

ASTM D178 Type I, Class 3

SPECIFICATIONS

- **Thickness:** 3/8" (9.53 mm)
- **Dimensions:** 3' x 3' (91.44 x 91.44 cm)
- **Polymer:** SBR/NR
- **Weight:** 12lbs
- **Dielectric Strength:** 40,000 Volts AC / 80,000 Volts DC
- **Nominal Maximum Use Voltage:** 26,500 Volts
